

Upper Turtle Lake Association (UTLA) Communication Policy

Upper Turtle Lake Association (UTLA) will have intentional systems for communications in order to promote and advance the association goals. The Association goals are to improve water quality, build awareness of lake issues and interests, develop collaboration between lake association members, educate lake association members, develop lake management plans, and gather relevant information.

The UTLA Board of Directors and Committee Member communications will motivate and inform volunteers. These communications will set the stage for external communications. The communications will include regularly scheduled and attended meetings, informational updates, an understood forum for suggestions, and reports on meetings of the board of directors and its committees.

UTLA will produce an annual report that contains information regarding activities and performance, including an explanation UTLA's mission, activities and results, financial status, and a list of current board members.

The UTLA community communication goals will help attract and retain members, raise public consciousness, understanding and commitment to the association. UTLA will adhere to the highest ethical and professional standards.

UTLA Social Media Policy

UTLA Social Media Policy will follow the broader communication policy above.

UTLA reserves the right to delete submissions that are not in keeping with the UTLA goals and professional communication standards. Questions, comments, and concerns are encouraged, but please note that the social media sites are moderated and not a public forum.
